Cathy Kessel has been working hard to incorporate the feedback from this blog and from other places into final versions of the progressions. Here is the close to final version of the progressions up through Ratios and Proportional Relationships. Major edits include an expanded preface, a comprehensive introduction, and some significant additions to the fractions progression.

Preview OVERVIEW. This lesson focuses on identifying and analyzing the compare and contrast text structure within expository texts. First, students are introduced to the terms compare and contrast and asked to find similarities and differences between two common items. Next, students work in small groups to identify texts that are comparing and contrasting information.
