### **Asap Solution Colloidal Silver Price**

Product Reports. Skip to the Lab Analysis Summary. There are three distinctly different types of silver that are labeled and sold on the market as "colloidal silver"; they are ionic silver, silver protein, and true colloidal silver. Consumers seeking true colloidal silver are often at a disadvantage because each of these products represents themselves as colloidal silver.

### **Silver Colloids: Colloidal Silver Product Reports**

The statements highlighted in red below are from an internet ad for ASAP, an ionic silver solution labeled as "colloidal silver". ASAP colloidal silver products are different than other colloidal silver products on the market due to its patented manufacturing process which yields roughly 96% elemental silver particles versus a high percentage of ionic silver particles (where one or two ...
