Southeast Community College is excited to offer educational and training opportunities to the area but we need your help to determine what classes you would like to have us offer.

Learning Center at Nebraska City | Southeast Community College

In mathematical psychology, a knowledge space is a combinatorial structure describing the possible states of knowledge of a human learner. To form a knowledge space, one models a domain of knowledge as a set of concepts, and a feasible state of knowledge as a subset of that set containing the concepts known or knowable by some individual. Typically, not all subsets are feasible, due to ...
