describes the issues well. I do not consider it my place to tell anyone whether to vaccinate or not. I never tell people to NOT vaccinate. It is my place as a doctor, to understand as much as I can about vaccines and to give people a more complete understanding from which to make INFORMED choices.

### **Vaccination | Suzanne Humphries, MD**

We currently cover 6 broad topics: 1. Medical Watch. Mainstream media today receives significant advertising revenue from the pharmaceutical industry, and seldom does investigative reporting on issues challenging the monopoly on medicine that is controlled by government agencies such as the FDA, CDC, NIH, and others.

### **About Health Impact News**

Flaccid paralysis is an illness characterized by weakness or paralysis and reduced muscle tone without other obvious cause (e.g., trauma). This abnormal condition may be caused by disease or by trauma affecting the nerves associated with the involved muscles. For example, if the somatic nerves to a skeletal muscle are severed, then the muscle will exhibit flaccid paralysis.

Health Impact News Editor Comments. In a story late in 2014 that no mainstream media outlet reported, a Pennsylvania federal judge ruled in favor of whistleblowers who have accused Merck of lying about the efficacy of its mumps vaccine (currently only available in combo with MMR).

### **Judge: Lawsuit Against Merck's MMR Vaccine Fraud to Continue**

The power of story. Parents such as Lowther resist the label "anti-vax" because they don't reject vaccines entirely. And they resent often being lumped into the same category as parents who make ...
