Managerial Accounting: Tools for Facilitating and Guiding ...

One simple definition of management accounting is the provision of financial and non-financial decision-making information to managers. According to the Institute of Management Accountants (IMA): "Management accounting is a profession that involves partnering in management decision making, devising planning and performance management systems, and providing expertise in financial reporting and ...

Management accounting - Wikipedia

Managerial economics deals with the application of the economic concepts, theories, tools, and methodologies to solve practical problems in a business . In other words we can say that managerial economics is the combination of economics theory and managerial theory.It helps the manager in decision making and acts as a link between practice and theory".

BUSINESS ADMINISTRATION (TACOMA CAMPUS)

To decide to be an accountant is no more descriptive than deciding to be a doctor as there are a variety of specialty areas. Many accountants engage in the practice of public accounting, which involves providing audit, tax, and consulting services to the general public. To engage in the practice of public accounting usually requires one to be licensed.
