Thoughtful Investor Seth A Klarman*

### **Margin Of Safety Risk Averse**

Investors are all too often lured by the prospect of instant millions and fall prey to the many fads of Wall Street. The myriad approaches they adopt offer little or no real prospect for long-term success and invariably run the risk of considerable economic loss - they resemble speculation or outright gambling, not a coherent investment program.

When Warren Buffett thinks he has a good idea, he doesn't just test the water temperature with his toe; he goes all in. This is very rare in the investment world, in which many individuals will take small positions to track certain stocks or won't allow any one stock to comprise more than 10% - or some other arbitrary percentage - of their total portfolio.
