Follow me on Twitter (@jserravallo), Instagram (@jenniferserravallo), and join my Facebook Community! After graduating from Vassar College, I moved to New York City and began teaching in a Brooklyn public elementary school.

### **Biography | Jennifer Serravallo**

Every student deserves a great teacher not by chance, but by design. Imagine students who describe their learning in these terms: "I know where I'm going, I have the tools I need for the journey, and I monitor my own progress." Now imagine the extraordinary difference this type of ownership makes in their progress over the course of a school year.

For years, the field of reading education has been engaged in thinking about best practices. Explicit instruction in vocabulary, rereading and using digital textbooks to motivate children's reading are among some of these updated best practices. Those in the reading community are urged to consider best practices, and how we may promote their uses, with high fidelity in

Strategy On every page, try to sound like a storyteller. You can look carefully at the picture to say what the character is doing and what the character is saying. Teaching Tip You can teach this to readers who are reading a familiar story as a way to prime them to try to remember what characters say and do. This also works well in a book that is unfamiliar.

In the context of education, one-to-one computing (sometimes abbreviated as "1:1") refers to academic institutions, such as schools or colleges, that allow each enrolled student to use an electronic device in order to access the Internet, digital course materials, and digital textbooks. The concept has been actively explored and sporadically implemented since the late 1990s.

### **One-to-one computing - Wikipedia**

Educators, policy makers, parents, and others interested in improving the way we measure learning in today's schools need to examine three essential questions: 1) What really matters in a contemporary education?
