The Tree A Natural History

History of the Christmas Tree. Christmas trees are a central part of Christmas celebrations around the world. Families gather around them to exchange gifts, cities put them up in squares and town halls, you'll find them in nearly every hotel and shopping mall...

Christmas Tree History - From Pagan Roots to the Present

An early Tree of Life, proposed by German scientist Ernst Haeckel in 1866, contained three kingdoms: Plants, Animals, and "Protista" (his name for everything else). Over time, scientists compared the features of many organisms on these branches through both living and fossil evidence. These studies led scientists to further divide the Plant and Animal kingdoms, introducing the fungi ...

American Museum of Natural History | New York City

1510 - The first written record of a decorated Christmas Tree comes from Riga, Latvia. Men of the local merchants' guild decorated a tree with artificial roses, danced around it in the marketplace and then set fire to it. The rose was used for many year and is considered to be a symbol for the Virgin Mary.
